

DELHI PUBLIC SCHOOL SIDDHARTH VIHAR

(under the aegis of DPS Society, East of Kailash)

From the Principal's Desk

"Explore the world with your mind wide open,
for every question asked is a step toward
a new discovery."

Dear Young Learners,

As the holiday season begins, I wish each
one of you a joyful, peaceful, and
meaningful break. This is a time to relax,
reflect, and truly enjoy the company
of your loved ones.

Summer vacation is a wonderful
opportunity to distress, rejuvenate,
and also engage in meaningful
activities that enrich your mind and
soul. As Holidays are not just about
rest—they're about togetherness.
Spend quality time with your parents,
play with your siblings, and most
importantly, cherish the company
of your grandparents. Listen to their
stories, learn from their experiences,
and show them how much you care.
These simple moments of love and
connection are the true essence
of family life.

Use this time to step away from screens and get involved in real conversations and shared activities. Make the most of this precious time by spending quality moments with your family, exploring new interests, and learning something new each day. Remember, learning doesn't only happen in classrooms—it happens in kitchens, gardens, books, and even during thoughtful conversations with your loved ones. And while you are enjoying your break, do not forget your responsibility as a student. **Complete your holiday projects independently, with sincerity and creativity.** It's a wonderful opportunity to explore, think critically, and express yourself. Seek help only when truly needed, but let the ideas and efforts be your own.

Let this summer be a time of joy, bonding, learning, and reflection. I look forward to seeing all of you after the break—energized, wiser and full of stories to share.

Dear Parents,

This summer, let us work hand-in-hand to ensure our children use their time productively. Encourage them to take up hobbies, read regularly, and engage in daily household responsibilities. Help them develop habits of self-discipline, kindness, and gratitude. Most importantly, motivate them to complete their holiday homework with their own efforts, instilling a sense of responsibility and ownership in their work.

Warm Wishes,

Ms. Vandana Midhaa

Principal
