Circular No./2025-26/41

20.12.2025

**SUBJECT: Advisory on Student Health and Safety in View of Current AQI Levels**

Dear Parent,

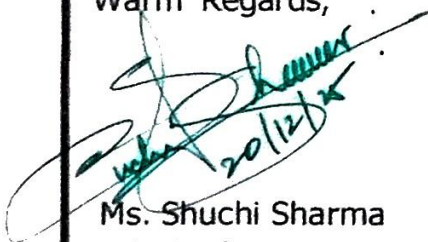

In view of the prevailing high Air Quality Index (AQI) levels, and in the interest of students' health and safety, parents are advised to take necessary precautions while sending their wards to school.

Please Note:

- Students must wear masks while commuting to and from school.
- You are requested to closely monitor your child's health and refrain from sending him/her to school in case of any illness or discomfort. In such instances, a medical leave intimation must be submitted to the school.
- In case your child has respiratory issues and uses inhaler, kindly make sure the same is sent along to the school and the authorities are informed of the same to ensure necessary precautions.
- During this period, the school will not be conducting any outdoor activities for students and will extend support, wherever feasible, to help affected students cover any academic loss during their absence.

We seek your cooperation in ensuring the health and well-being of our students.

Warm Regards,

  
Ms. Shuchi Sharma  
Principal
