

DELHI PUBLIC SCHOOL, SIDDHARTH VIHAR
(under the aegis of DPS Society, New Delhi)

SCHOOL NEWSLETTER

APRIL-JUNE (2023-24)

CLASSES III-V

OUR MISSION

We endeavor to

- **Impart quality education that will turn or transform the students into resilient, tolerant future citizens and acquire the 21st century skills to face the challenges of the ever changing world.**
- **To create balanced citizens who possess inter cultural respect and understanding.**
- **To ignite the minds of the learners, to dream big and possess valuable life skills, by providing them valued learning experience and to help them contribute for the well being of the society.**

OUR VISION

DPS Siddharth Vihar endeavors to provide a conducive and inspiring environment for the overall development of the students and helps them to involve into responsible citizens of the world.

We aim at creating an inclusive community of children who are imbibed with a blend of values, a bent on technology and purport to provide exciting and diverse opportunities and experience which could result in unimaginable possibilities.

We strive to achieve the following:

- **fostering in our students the ability to communicate effectively.**
- **making the learner's realize their true potential and innate talent.**
- **encouraging diversity and flexibility in teaching pedagogy**
- **considering our school as a service center for the community and accepting our responsibility in providing necessary skills to enable the learners to work effectively in a global environment.**
- **our vision is to become a LIGHT that enlightens the path for following our motto, Service before Self.**

From Principal's Desk

“When parents or guardians and teachers work together well, everyone wins”

-Julia Thompson

Dear Parent

Strong connection between parents and teachers triggers a better relationship between the student and the teacher as well, leading to academic excellence. Students can place their trust and faith on the teacher and have someone on whom they can depend in school. The teachers can channelize their energy towards productive activities. A parent's involvement creates a positive attitude in the child towards schoolwork and ignites a passion for learning in young minds.

DPS, Siddharth Vihar since its inception, has been continuously providing an atmosphere to its students for multifaceted development, where children are encouraged to channelize their potential in the pursuit of excellence. This can only be possible in a holistic, student centric environment where they get the opportunity to become lifelong learners, critical thinkers and productive members of an ever changing global society.

Our overarching goal is for our students to grow academically, socially and intellectually in a safe and positive environment. The foundation of our school is built on the three equally important facets: a commitment to a comprehensive academic program, holistic development of students and maintaining positive relationships with parents and community. Our school is committed to provide students the best education, with highly qualified and dedicated staff who models for our students a true commitment of what it takes to be successful in education.

To all parents I hold out the assurance that their wards are in safe and competent hands I would like to recommit myself to the betterment and growth of the student community. At the same time, I encourage you to participate actively in all the education of the child by keenly monitoring his/her academic growth. This will have a positive effect on the healthy growth of your child.

As we continue our accent towards success by asking more of ourselves today, tomorrow and forever, we appreciate your comments and feedbacks. We shall be more than glad to better or outputs with your kind cooperation and help.

Let's move together towards brighter tomorrow!!

**Ms. Krishna Singh
(Principal)**

The New Session began on a very energetic note!!

We welcomed our new Parents and students
with the celebration of Orientation Day.

Session
2023-24

The Orientation Day

The Orientation Day of the school was conducted on March 23rd 2023, Dr Aruna Broota, a boon for mankind was the chief guest. The parents of all the newly admitted students were invited and we gave them a walkthrough of all the school processes.

Ice Breaking Activity

Welcome Activity(03-04-23)

To welcome the students in the beginning of the session an ice breaking activity was conducted to motivate the students to get more familiar and comfortable with each other. This activity also gave an opportunity to set the stage for a year full of fun and focused on writing as well as speaking skills.

First Impression

"Let's Know each other" (10-04-23)

The teachers welcomed students wholeheartedly for the new session 2023-24, to give the best for our young explorers, the teacher decided to conduct the activity to calm those first-day-of-school jitters. They decided on the ice-breaking activity session for them. Icebreakers, fun activities to help students get to know one another and their teachers, can ease those first-day nerves and get the school year off to a great start. With that notion, children gave their best. They were asked to write about themselves. Students sat in a circle. They wrote a few lines about them and later on, expressed them on an A3 sheet. They drew many pictures out of their imagination. And, later they discussed with their classmates turn-wise.

Baisakhi

"It's Harvest Story Time" (13-04-23)

Khalsa Mero Roop Hai Khaas, Khalse
Meh Haun Karau Niwas"

Translation: "The Khalsa is my special
form; in the Khalsa, I reside."

The festival of Baisakhi marks the
establishment of the Sikh community
known as the Khalsa or Brotherhood of
Saint-Soldiers. Baisakhi marks the first
day of the month of Bisakh, the Sikh
New Year's Day. It's not just a festival
of harvest but is also commemorative
of the formation of the Khalsa Panth of
warriors under Guru Gobind Singh in
1699. Special assembly was conducted
by the students of grade 5 on the
auspicious occasion of Baisakhi.

Earth Day Celebration

"From Waste to Wonder" (21-04-23)

"Mother Earth gives us everything we need, unconditionally, selflessly, but it can take everything back in a blink. Let's save mother nature for a better future was the notion of earth day. On this day, students of grades 3rd-5th engaged themselves in the activity "Waste to Wonder" to take a pledge to make our planet more greener and livable for the coming future.

Labor Day

"Aao Kisi Ko Khush Karein" (01-05-23)

"Without labor, nothing prospers." -Sophocles

Happy Labor Day! On May 1, 2023, students of Delhi Public School, Siddharth Vihar expressed their appreciation for the diligent and tireless work of the helpers in our school by offering them food and sweet, a small gesture to convey their immense gratitude for their contributions.

Mother's Day- "Poetic Toot"

Poem Recitation Competition(12-05-23)

The day that recognizes the essence of a mother was celebrated in high spirits and merriment. The talented students showcased their love for their mothers by participating in a recitation competition where they have shown their talent by self-composed poem, hand made drawing and many more.

Trip to KidZania (16-05-23)

"Life is a picnic when friends are around." Our school organized an educational-cum-fun tour to KidZania NOIDA, for students of Std 3rd – 5th. It was truly a wonderful experience. It was a perfect combination of fun and learning. The various activities in KidZania were designed to aid in physical and intellectual growth, contribute to the development of skills and attitudes, stimulate creative thinking and boost self-esteem and self-confidence. On the third floor of the mall was a KidZania activity, where kids when entered, they were given some kidZos (KidZania currency), and using these kidZos they played games in the establishment. If they went bankrupt, they had a chance to work and earn kidZos again and continue playing games. Also, if they were tired, the kids could also spend their kidZos on actual food stuff. There were 24 games in total. The activities taught the kids the values of hard work, discipline, importance of money etc. It was a great opportunity for students to see and feel how the different concepts of marketing is done. In the classroom where they used to get theoretical learning of the marketing concepts, here they got a chance to see how practically it is applicable in the industries. They explored the facilities in detail, gained experience and had fun at the same time.

Investiture Ceremony (20-05-23)

The Investiture Ceremony(Grades 1st - 5th) of Delhi Public School, Siddharth Vihar for the academic session 2023-2024 was held with great pomp and dignity .The event was presided over by the school Principal, board of directors and chief guest Ms. Rakhi Softa Sharma. The ceremony signifies the reliance and confidence that the school consigns in the newly invested office bearers. The students pledged to bestow their duties to the best of their abilities. The ceremony was held with lots of zeal and zest.

Father's Day (17-06-23)

The students of DPS Siddharth Vihar celebrated Father's Day in full zest during their summer holidays. This day was dedicated not only to Fathers but also to father figures who shape their minds and play a vital role in giving wings to their dreams.

Book Writing Festival

"BriBook"

The characters in my novels are my own unrealized possibilities. That is why I am equally fond of them all and equally horrified by them. Each one has crossed a border that I myself have circumvented." — Milan Kundera.

Our students participated in a Summer Book writing Festival by Bribooks.

Yoga Day(21-06-23)

Yoga is an invaluable gift of India's ancient tradition. June 21st, 2023 (during summer vacations) was celebrated as Yoga Day.

हिंदी गतिविधि दिनों के नाम

हिंदी गतिविधि - दिनों के नाम
कक्षा - चार
हिंदी हमारी मातृभाषा है और हमारा
कर्तव्य बनता है कि हम इसे अच्छी तरह
लिखना और बोलना जाने। बच्चों के
कौशल को निखारने के लिए, बच्चों का
आत्मविश्वास को बढ़ावा देने के उद्देश्य
से कक्षा चौथी के छात्र-छात्राओं को कक्षा
में हिंदी की विभिन्न गतिविधियाँ कराई
जाती हैं। गतिविधि - बच्चों ने रंगीन
कागज़ को सूरज का आकार देते हुए
उसमें दिनों के नाम लिखें और उनका
उच्चारण किया। सभी बच्चे गतिविधि के
लिए उत्साहित दिखाई दिए एवं सभी ने
इसमें बढ़-चढ़कर हिस्सा लिया।

हिंदी गतिविधि

रंगीन कागज़ से लिफ़ाफे बनाना और स्वर और व्यंजन का ज्ञान

पाठ के अंत में अभ्यास और गतिविधियाँ देने का उद्देश्य है बच्चों को अभिव्यक्ति के अवसर देना ताकि बच्चे अपने रचनात्मकता कौशल को निखार सकें और भाषा प्रयोग सही से कर सकें। गतिविधि –सभी बच्चों ने उत्साहपूर्वक गतिविधि में भाग लिया। बच्चों ने रंगीन कागज़ का प्रयोग करके सुंदर –सुंदर लिफ़ाफे बनाए और स्वर और व्यंजनों को रंगीन कागज़ पर लिखा और उच्चारित किया।

WHAT IS BELIEF

Once a King, went to jungle for hunting and he lost the way and his people's company. The sun was about to set and darkness was there all over. Hungry and tired king saw a small ray of light. He followed that and reaches a small hut.

Very Humbly, he asked for help and an old saint came outside from the hut and provided water to the king. The king explained the saint that what all happened with him throughout the day. He fed the king with food and king stayed there for night. Early in the morning, king thanked the saint and was about to lift the hut. He saw a small mirror and a broken comb. Out of the curiosity he asked the saint about that.

Saint told him that he is waiting for God to give to "DARSHAN" and his lord can come at any time, so he should not look messy in front of God. So, he comb his beard again and again.

King was mesmerized with the old saint's belief on God. He greeted the saint and went to the palace with the changed heart.

MORAL: If your belief on God is 100%, then he is always on your side.

THANK YOU

— ARADHYA MADAN
(4-A)

OF VISITING BHUTAN AND PHILATELY

By Mokhyam Borkakati, IVB

This summer vacation, I visited Assam and have seen many new places and learned many new things. My father told me that in his childhood, philately was his hobby. Philately is the study of postal stamps, stamped envelopes, post marks, post cards and also other materials relating to postal delivery. The term Philately was first used by Georges Harpin, a Frenchman in the year 1864. In Greek, 'Philos' means love and 'ateleia' means- which is tax free. Not to forget the first postal stamp was issued during 1840 in England and the idea of the same was introduced by Roland Hill.

My father told me during his childhood Bhutan used to have beautiful 3D postal stamps, which he used to collect from a small Butanese town Gelempung. Accordingly he took us to Gelempung to visit a local post office and purchase some beautiful postal stamps, although we didn't get 3D stamps but could collect some beautiful postal stamps. The postmaster there, told us 3D stamps are no more available but the old 3D stamps are kept in postal museums of Thimphu and Phuentsholing. Trust me I got a new hobby.

Student's Corner

Prove Yourself

Come, come, come for others like your brother, mother, sister and father. When you grow up, take responsibility of your father to make his shoulder light. If you believe yourself then something will go right. Love and prove everyone that you are capable and unstoppable. If you will be in the sky, you will be the only star to shine and you have to promise him. If you want everyone to appreciate and proud of you, then you have to create your goal. Help and respect elders and make your own shelter. If you believe yourself so you will receive achieve.

Prayush 4-A

Importance of Schools

"The only person who is educated is the one who has learned how to learn and change"

— Carl Rogers

Schools play a crucial role in the development of children. The children of today are the leaders of tomorrow and schools provide the platform for teachers to make a child ready for their future. Schools provide a safe and encouraging environment for children to learn and grow. They offer education in subjects such as Maths, Science, SS, History, etc. Not only do they help children acquire knowledge, but also help them develop important life skills such as critical thinking, problem solving, and effective communication.

In addition to studies, schools also provide opportunities for children to participate in extracurricular activities such as music, art, sports and clubs. The activities help children to form a sense of belonging and a way to express themselves creatively.

Schools play an important role in building social skills. They provide children with the opportunity to interact with teachers and other students, learn to work in groups, and develop social skills. They also teach children to be respectful and accept others. Friendships and bonds formed at school last a lifetime. Even years after completing their schooling, students feel immense pride and closeness to their school, teachers and fellow students.

We should also think about those children

in providing children with the opportunity to interact, work in groups, and develop social skills. It is important for everyone to support and value the role of schools in the development of children. My school, JPSS checked all these boxes and that is how I know it is the best.

— Aradhya Shukla, Class-5th JS

English Language ✨

English is a funny language,
It really is quite strange,
with words that sound like them.
But have a different range.
Take "read" and "read" for instance.
They sound just the same.
But one is a present tense.
The other Past,
It's quite a shame.
Then there's "through" and "three"
which seem to cause confusion,
One's a preposition,
the others Past tense verb illusion
And let's do not forget the Homophone
like "sun" and "scene",
one's a view.
The other's past tense.
It's not what we seem.
But despite confusion -
English is quite a treat,
with endless possibilities.
It's a language hard to beat.

Social Media

Social Media is a revolutionary platform on the internet which changes the shape of the world and has become an important part of life. It enables us to share ideas, contents, information, news etc. faster. The youth is one of the most dominant user of social media.

The most important aspect of social media is "great device for education". All the information is just a click away. You can easily communicate with your friends and relatives overseas. It is a great platform for young artists to showcase their talent for free. It has become a hub for advertising.

Social Media have unique advantages, but if the use of social media is not monitored it can be harmful. It invades your privacy like never before. It has become an addiction as teenagers are wasting their time on social media instead of studying.

It is impossible to eliminate the negative impact of the use of social networks, however, by maintaining a balance, they can be minimized.

GUNIKA V-C

कहानी

एक समय की बात है, एक गांव में एक गरीब लड़का रहता था। वह बहुत मेहनती था और सभी को खुश रखने का प्रयास करता था। एक दिन, उसके पास एक जादूगर आया और उसे एक चमत्कारिक चीज दिया। लड़का जितना चाहता था वह सबकुछ प्राप्त कर सकता था, लेकिन जादूगर ने उसे यह सिखाया कि सच्ची खुशी मेहनत और संघर्ष से ही मिलती है। लड़का ने अपनी मेहनत और ईमानदारी से जीना शुरू किया और इसका जीवन खुशियों से भर गया।

Student's Corner

Together we will! + Teamwork + Together we can!

Teamwork is working together of people to achieve a certain goal. Teamwork is the basic need for an organization to function. Furthermore, every organization has a division of several teams to perform specific tasks. Without teamwork nothing is possible.

Teamwork has the greatest importance in any part of the world. Teamwork is the key to success. In our school, we play many sports like cricket, football, basketball etc. that only teamwork. Thus from our childhood only we know about teamwork. That is the reason they always guide us on the right path. (our adults) The first step to work well in a team is to have a friendly attitude towards everyone, to have time management skills and etc. if you talk about "Time Management" so it is coordination of tasks and activities to maximize their effectiveness of individual efforts.

As in my school, I am the 'Library Captain' of primary wing and also a member of student council. Because of student council, we learn teamwork and responsibilities. So this is an example of teamwork. My school teaches me teamwork and other things. So remember - "If we can do little bit together we can do much."

Thank you! ☺

Where's My Things?

waking up from bed,
Then brushing my teeth
Then I see where's my toothpaste
wearing my uniform
When I was done I saw the mirror,
And I was like where's my tie!
Wearing my shoes
About to go down started looking down,
Where's my socks
Going to the bus
Stepping up trying to remove my bag,
Started looking in my bag where's my books!

दुनियाद

पेड़ लगाओ, पर्यावरण बचाओ

आओ - आओ बाईयों
पर्यावरण को बचाने
पेड़ पौधे लगाने, फूलों को लाने
गरमी से राहत पाने
ठंडी हवा में जानें
सक साच्य खोहार मनाने
रवाना रवाने और पाना को पाने
आओ जलो खरियाँ फैलाने
पर्यावरण को बचाने
