(Under the aegis of DPS Society, New Delhi)

ONLINE TEACHING LEARNING PROGRAMME

Year 2020 began with a new challenge for the schools. Due to pandemic the whole country was under lockdown and the offline classes were not possible. Everyone was confined to their homes. Delhi Public School in its quest to provide quality education took up the challenge and ensured that teaching learning process will not be impacted by any restriction. Teachers were put under rigorous training of the various online platforms to select the best one which was safe and convenient to all the students. After a detailed scrutiny it was decided to take up the Google Meet and for this Gmail ids on school domain were created for all the students of the school.

Online Classes in Pre-Primary wing:

Online classes for our Tiny Tots began in the month of April only. Teachers made interactive videos and PPTs on different topics, which were shared with the students. These **Videos and PPTs** were followed by **Assignments** which were designed to add on to the understanding of their concept.

Once they were accustomed with these online materials and new mode of teaching, May onwards, two classes per day were organised for them keeping in mind their appropriate on-screen timings. One hour a day was devoted to scholastic subject and half hour to co scholastic subjects so that the focus on their physical and mental well being is also maintained. Sessions like Story Narration and Life Skills were also organised as a part of their routine timetable.

Primary Wing & Middle Wing: [I -VIII]

Online Classes for Primary & middle wing began in the month of April with a **timetable of 5 periods** in a day which included **both Scholastic and Co scholastic periods**. Special activity classes were also organised for this group to make the teaching learning experience more interesting. Enough gaps were kept in between the classes to give them appropriate off-screen time.

Senior Wing [IX-XII]

In the Classes IX to XII 5 periods in a day were allotted to students keeping in mind the guidelines issued by DPS Society and MHRD, Government of India. Timetable was designed in a manner to cover all the main subjects and allot them sufficient periods. Co scholastic periods including life skills were also allotted.

Online PTM:

Regular interaction with the parents was maintained through Online PTMs conducted in the month of August and September. A comprehensive discussion of child's performance was taken up during these meetings

Online assessments:

Regular assessments of teaching in the form of Periodic assessments and Half Yearly examinations were conducted spread across the year. Both Subjective and Objective papers were conducted using the School ERP System.

Effectiveness of Online Teaching:

Effectiveness of online teaching was maintained by regular observation of the classes by Principal and respective Coordinators.

DPS Society also conducted a week-long observation of online classes beginning from Nursery to Class XII. The school got a good feedback on the same from the society.

CO SCHOLASTIC ACHIEVEMENTS
